DEDICATION TO THE CLASS OF '78

Sixty-seven graduates received diplomas at Manor Junior College's Commencement Exercises, on Thursday, May 11, 1978. The Divine Liturgy concelebrated by Monsignor Russell Danylchuk, Dean of the Pittsburgh and Johnstown Deaneries, and Reverend Richard Seminack, Manor's College Campus Minister, began at 5 p.m. Monsignor Danylchuk delivered the homily in which he emphasized the need of stressing values and responsiblities in life. Refreshments were served in the college cafeteria, following the Liturgy.

The academic procession, consisting of the administration, faculty, clergy, guests, and students in academic robes, commenced at the Basileiad Library, and continued on Fox Chase Road to Our Lady of Perpetual Help Hall Auditorium. The candidates for graduation were presented by Sr. Dia, Academic Dean, after the singing of the national anthem by Rosemary M. Klinger and the audience, and the invocation in English by Fr. The Commencement Oration, on behalf of the graduates, was delivered by Lori A. Botbyl, Student Senate Vice-President, in which she thanked the administration, faculty and fellow-students for their part in making the years at Manor, pleasant and, memorable ones for the Graduates of '78.

Mr. Lynch, Chairman of the Board, introduced the main speaker, Lynn Hubschmann, Director of Social Services at Pennsylvania Hospital. Mrs. Hubschmann holds the Bachelor's and Master's degrees from the University of Pennsylvania, is involved in marital and parent-child counseling, is the Director of Family Life Education, and has a private practice in counseling. Her topic, "You and Your Goals" was indeed timely, and her advice to the graduates and the audience on choosing goals and achieving them in life was very well presented.

Monsignor Joseph Fedorek, Chairman of the college's Advisory Board offered the closing prayer. A buffet-reception for the administration, faculty, and guests followed in the Seminar Room of the Basileiad Library.

The "Halls of Ivy" once again closed their doors as 67 graduates, degrees and awards in their hands, filed out into a world of promise, which beckons to various fields, continuing education in other colleges, or professional career employments, and the seeking of employment to some. May 11, 1978 will be remembered in the annals of Manor Junior College as another successful graduation date!

IN MEMORIAM
JOANNE LASKOWSKI

Joanne Laskowski at the Dental Assisting Capping Ceremonies held at Manor Junior College receiving the congratulations of her family.

Joanne Laskowski came to Manor as a graduate from Archbishop Ryan High School, where she was a very active student. One of the first students to enroll in the Dental Assisting program, in its initial days of establishment at Manor in 1976, Joanne was a diligent student, until a serious illness cut short a promising career, and Joanne was forced to spend very painful days in the hospital. Joanne died in the spring of '78, shortly before she would have graduated with her class, on May 11, 1978.

The faculty and fellow-students at Manor remember Joanne as a person of a very fine and upright character. A Memorial Plaque will perpetuate Joanne's memory at Manor Junior College.

CAMPUS HIGHLIGHTS

MANOR'S CONTINUING EDUCATION PROGRAMS GROW IN POPULARITY

Jane Wagner DeSilverio '54 and Anna Marie Monaghan '71 chat with Sr. Miriam Claire, President, after the Science of Nutrition Class which they attended in the Spring Semester, for personal enrichment.

There comes a time in the life of every individual, when individuals desire a change in occupation or life style. Early retirees, teachers who are unemployed, housewives who feel trapped in a premolded routine, and those who desire a change of careers, have a splendid opportunity to investigate the career programs offered at Manor Junior College, and opt for a change of their choice.

Bernardine Conway - "Bunnie" to her friends - has done just that by entering the Medical Assistant Program. A commercial artist for 12 years, "Bunnie" returned to college at the age of 45 to venture into the field of Medical Assisting as a full-time student. Convinced that the Medical Assisting profession is a new and promising one, which has splendid job offers, "Bunnie" is pursuing the A.S. degree in Medical Assisting.

She finds Manor conveniently located, and its small class groups an advantage in attaining that one-to-one relationship, which she finds very suited to her needs. Besides the academic and clinical qualities of the program, "Bunnie" finds tha atmosphere of Manor most conducive to helping her to achieve the education she has sought. From commercial artist to Medical Assistant, "Bunnie" is a promising student and hopes to be equally promising in her career, when she graduates next year.

Another homemaker who has decided to enrich her career opportunities, is Tess Wisniewski (Tatianna Bury Wisniewski), a graduate of St.Basil Academy and former student at Manor, who is pursuing Real Estate Courses in preparation for obtaining the State Salesman's License. At present she is employed as the Secretary of YMCA in Germantown in the Financial Development Office where she engages in Kick-off campaigns for self-sustaining membership. She has been self-employed for four years, and has owned her own business.

Her reason for choosing Real Estate as a career, is that she has had previous knowledge of the Real Estate business, and is familiar with its operation. She has done this type of work on a private basis, bought and sold land, and buildings for investment purposes. A State Salesman's License, and eventually a broker's license will aid ,her in this profession, in the near future.

Homemakers who seek enrichment in a continuing education program are Jane Wagner DeSilverio '54 and Ann Marie Monaghan '71, alumnae of Manor, who currently attended the Science of Nutrition Classes, offered at Manor. Both enjoyed their courses very much, and served on the Food Committee on National Food Day recently, by preparing some very tasty, nutritious, low-calorie foods for the faculty and students.

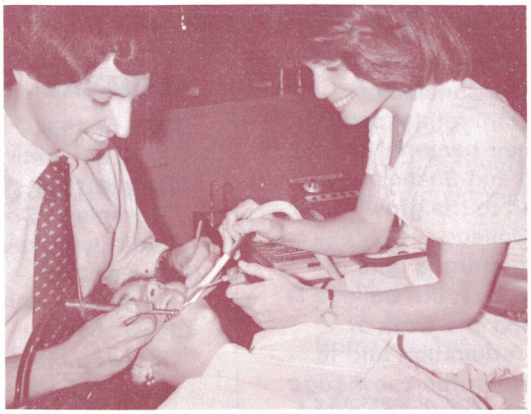
Manor offers many opportunities to those seeking personal enrichment, or a career change in the day; also, in the evening classes, which are co-ed, where age is no barrier to achieving one's goals!

April 9, 1978 marked the annual Easter Sviachene — sponsored by the college administration. The College Campus Minister, Rev. Richard Seminack blessed the Easter foods, spread out in a very attractive and colorful array on the tastefully-decorated table, under the supervision of Christine Izak and her Ukrainian Club members.

The Voloshky Ukrainian Dance Ensemble performed a benefit concert at Manor Junior College on April 16, 1978. The proceeds of the performance have been designated for the development of the Ukrainian Heritage Studies Center at Manor.

National Food Day was observed at Manor on April 20, 1978. Sponsored by Sr. Bohdonna, Instructor in the Science of Nutrition Course, the day began with a lecture on nutrition, delivered by Barbara Kleeman, National Nutritionist. The Foods Committee, consisting of alumnae Ann Marie Monaghan, '71, Jane DeSilverio, '54, and Eileen DeVore prepared some unusual dishes, including alfalfa sprouts and other low calorie, nutritious dishes, which were served to faculty and students.

DENTAL HEALTH CENTER OPENS AT MANOR



THE MANOR JUNIOR COLLEGE DENTAL HEALTH CENTER WILL OPEN TO THE PUBLIC THREE DAYS A WEEK BEGINNING IN SEPTEMBER. THE CENTER IS LOCATED AT 2826 MT. CARMEL AVENUE, NORTH HILLS, PENNSYLVANIA. ALL PERSONS INTERESTED MAY AVAIL THEMSELVES OF THE SERVICES BEING OFFERED AT THE CENTER WHICH WILL BE OPEN BY APPOINTMENT ONLY FROM 8:30 A.M. TO 5:00 P.M. ON MONDAY AND FRIDAY AND 1:30 P.M. TO 9:00 P.M. ON WEDNESDAY. A NOMINAL FEE IS BEING CHARGED FOR SERVICES RENDERED.

The Dental Health Center is opening as an adjunct training center for students enrolled in the college's accredited dental assisting program. During the past two years the program has grown considerably. The first class of expanded function dental assistants (EFDA) graduated in May of this year and all have secured positions in their chosen profession. There are currently 16 students in the senior class and applications for the freshman class are still being considered.

Students in the program have been invited to do externships at the University of Pennsylvania School of Dental Medicine and the Thomas Jefferson Dental Center. Because the skills being taught are so specialized, the College deemed it important to have its own facility in order that they be able to provide valuable training for students while under the direct supervision of the faculty.

The Center houses the most effective equipment for teaching dental assisting students and providing patient treatment. The complex includes both a preclinical laboratory and classroom facility as well as three modern treatment rooms, x-ray and dark room, business office, laboratory and reception rooms.

Information regarding services, fees and appointments may be obtained by calling Manor Junior College Dental Health Center, 576-1833.
